

# NA-KD SUPPLIER LIST

We do not own any factories, instead we work with independent manufacturers. We want to build strong, long-term relations with our suppliers, based on mutual trust and transparency.

In our Supplier List, we disclose the name and locations of our suppliers' factories and facilities, as well as some additional information.

## MANUFACTURING FACTORIES

This list includes all for NA-KD active manufacturing factories\* where products are made for NA-KD. Some information is missing and we are working to complement with this information as soon as possible.

## PROCESSING FACTORIES

This list is not ready yet. We will provide information of all processing factories in this list in the near future.

*\*This list only includes Tier 1 factories that are currently in NA-KD's supplier base of active factories.*

*Additional factories can be found in the Product Background on our website, some of which are no longer actively producing for NA-KD or are still in our trial program for new factories.*
